

Vaping and Tobacco Education Resources for Adults

Tobacco Prevention and Cessation

FDA Toolkit for Working with Youth

The Food and Drug Administration (FDA) has a free toolkit about vaping and e-cigarettes for professionals working with youth. The toolkit contains fast facts about youth vaping as well as tips for how adults can help teens quit vaping. It is available to order, download, or print through the FDA.

2016 U.S. Surgeon General's Report

This online resource for parents and health care providers is based on the 2016 U.S. Surgeon General's Report on e-cigarette use among youth and young adults. Background information on e-cigarette products, risks of these products, and tips for how to talk to teens about the health risks of e-cigarettes.

Truth Initiative - Parent Resources

Parents can sign up to receive text messages designed specifically for parents of vapers.

Text QUIT to (202) 899-7550

CATCH My Breath Parent Toolkit

This toolkit is a way for parents to learn more about the vaping epidemic, gauge their child's risk of trying e-cigarettes, and find the best strategy for them to talk to their child about e-cigarettes.

Health Care Providers

The American Academy of Pediatrics (AAP) resource, Youth Tobacco Cessation: Considerations for Clinicians, is designed to support pediatric health clinicians in screening patients for tobacco use and providing behavioral and pharmacological support to help youth quit.

The resource uses an easy, 3-step model, "Ask-Counsel-Treat (ACT)," to guide clinical interactions around cessation.
